COACHES RECAP: I'm really pleased with how our team has played on the road these first two weeks. We made a couple uncharacteristic mistakes in the first half, but responded really well in the second half. We have preached over and over again that we have to finish games and we were able to do that tonight. Our offensive line did a great job tonight opening up running lanes for all our backs and we were able to take advantage of that tonight. It was great to see Chayse Wright running the ball well this evening, especially with teams keying on Collin. Moving forward, we will continue to need production from all our skill guys. Defensively, we played a great game. We're really happy with the pressure we generated and the turnovers we took advantage of. Overall, a great defensive performance. Great team win, Go Birds!
